2.1 **Escrow.** The parties shall open escrow for the conveyance of the Property promptly after execution of this Agreement by providing Escrow Agent with a fully executed copy of this Agreement. Escrow shall be deemed opened on the date Escrow Agent acknowledges in writing its receipt of the fully executed Agreement (the “Opening of Escrow”). 2.2 **Consideration.** On the Closing Date, Developer shall pay City the sum of \$270,000 as the total purchase price for the Property (the “Purchase Price”) in cash or other immediately available funds.

2.3 **Condition of Title; Survey.** The condition of title to the Property shall be subject to the review and approval of the City and Developer. The obligation of Developer to purchase the Property from City is contingent upon Developer's approval (to be exercised in its sole and absolute discretion) of each of the following conditions (the “Investigation Contingencies”) within the time periods provided.

2.3.1 Developer's Approval of the Title Report and Survey. Fidelity Title (the "Title Company") shall deliver to Developer within ten (10) days after the Opening of Escrow a new or updated Preliminary Title Report, including legible copies of all Schedule B items reflected therein, showing the current condition of title for each Parcel of the Property prepared by Title Company (each such report, a "Preliminary Title Report") including a legal description of each Parcel of the Property. Within Twenty (20) Business Days after the Opening of Escrow (or as soon thereafter as reasonably possible), Developer (at Developer's expense) shall cause its Surveyor to deliver to City and Title Company a new ALTA/ACSM Land Title Survey of the Property (the "ALTA Survey"). The Title Company shall provide Developer and City with an amended Preliminary Title Report (the "Amended Preliminary Title Report") within five (5) days of receipt of the ALTA Survey for the Property, together with an amended legal description describing only the Property along with legible copies of all instruments of record referred to therein, if available, whether such items are referred to in the "Schedule B" or the "Requirements" sections thereof. The legal description of the Property shall be acceptable to Developer, City and the Title Company and lead to the issuance of an extended coverage owner's ALTA policy of title insurance in the amount of the Purchase Price covering Developer's interest in the Property. The title insurance shall be provided by Title Company. Developer shall have ten (10) Business Days after Developer's receipt of both the Amended Preliminary Title Report and the Survey to give written notice to City reasonably disapproving any material items contained in the Amended Preliminary Title Report or Survey. Failure of Developer to object to any item within the Amended Preliminary Title Report within the ten (10) Business Days shall be deemed acceptance of those items. City shall have no obligation to cure or remove any title matter objected to by Developer. If Developer timely delivers its written objections to City, City shall deliver a written response to Developer and Escrow Agent within five (5) Business Days after receipt of Developer's written objections, in which City shall state any actions which City intends to take and their anticipated effect on the matters to which Developer has objected. If City fails to deliver a response within such five-day period, City shall be deemed to have delivered a response indicating that it will not remove any of the items objected to by Developer. If City does not respond or if City's response does not state an intention to fully remove each item to which Developer has objected, then Developer shall deliver to City and Title Company within five (5) days after Developer receives City's response (or five (5) days after City has failed to respond), a written notice stating Developer's election either to (a) to terminate the Agreement, or (b) to waive Developer's objections and proceed with the transaction. Failure by Developer to make a timely election shall constitute an election to waive Developer's objections and proceed with the transaction. If City elects to cure or remove any title matter objected to by Developer, City shall promptly attempt to cure or remove all items it has agreed in writing to attempt to cure or remove and City's cure or removal of such items will be a condition to Close of Escrow, waivable only by Developer. Developer's obligation to close shall be conditioned on issuance by Escrow Agent of a title policy in an amount equal to the purchase price and containing only those exceptions approved in accordance with this Section.

2.3.2 Subsequent Title Matters. After execution of this Agreement, City shall not convey, lease, sell, assign, offer, pledge, encumber or otherwise transfer any part of the Property.

2.4 Taxes, Assessments and Bonds. All taxes and assessments imposed against each Parcel shall be prorated and apportioned between the City and the Developer as of the Closing Date.

2.5 Escrow Fees. Developer may obtain a policy of title insurance covering the Property at its expense in the amount of the purchase price or in such other amount as Developer may desire. The City and Developer shall each bear their own costs, including attorney's fees in connection with the conveyance, including without limitation negotiation, due diligence, investigation and closing. Developer shall pay all of customary escrow fees and recording fees.

2.6 As-Is - Where-Is; Access Rights. Except as specifically set forth in this Agreement, the Property and all improvements thereon, shall be conveyed in their existing "as is," "where is" condition. In that regard, Developer shall have the right to survey and examine the Property and any improvements thereon, including, but not limited to, the physical condition of the improvements, the availability of access, water, sewer and other utilities and services to the Property and the costs of securing same, the existence of hazardous or toxic substances or pollutants, and the zoning and applicable governmental regulations, statutes and ordinances pertaining to the Property, at any time after the execution of this Agreement, with any persons whom it shall designate, including, without limitation of the foregoing, appraisers, contractors, engineers and soil testing personnel. City shall permit access to the Property to Developer and any persons designated by Developer, and City shall afford them the opportunity to conduct, prepare and perform any surveys, appraisals, and any hydrological, topographical, environmental, traffic, feasibility and other engineering tests, studies, and reports upon the Property that Developer deems necessary or appropriate to assist it in determining whether the Property is appropriate for the purposes contemplated by Developer. If required by City, Developer shall execute a Right of Entry Agreement in form and substance satisfactory to City. Upon completion of all such tests, studies and reports, Developer shall fill all holes produced by it and restore the Property to its condition existing prior to any tests or inspections. Developer shall indemnify, protect, defend and hold City harmless from all claims, costs, fees or liability of any kind arising out of the acts of Developer or Developer's agents pursuant to this Section, except that Developer shall have no liability for discovery of pre-existing conditions (e.g. Developer shall not be responsible for remediating environmental contamination discovered by Developer).

2.4 Close of Escrow. The Closing Date for the Property shall be thirty (30) days after the earlier of (a) the issuance of building permits for the Project or the Improvements to be constructed by Developer on the Property, or (b) such other date as Developer and City may agree; but in no event shall the Closing Date occur later than 24 months after the date of this Agreement. The Closing shall take place at the office of the Escrow Agent, or at such other place or time as the City and Developer mutually agree in writing. At or prior to the Closing, the parties hereto shall execute and deliver such documents and perform such acts as are provided for herein, or as are necessary, to consummate the conveyance of the property, as applicable, to

Developer. On the Closing date the City shall execute and deliver a Special Warranty Deed conveying the Property to Developer, in substantially the form attached hereto as ***Exhibit "E"***.

3. Easement Area. If Developer acquires the Property, the Developer hereby agrees to redesign, improve and landscape the Easement Area, with input from and the prior written approval of the City and SRP (the "Easement Improvements"), in accordance with the Schedule of Performance. The Easement Improvements shall at a minimum, consist of the removal of the existing asphalt and gravel and its replacement with landscaping designed with the ability to adequately provide the access and support the weight requirements of emergency vehicles. Developer shall pay all costs, expenses and fees associated with the construction and maintenance of the Easement Improvements, and shall execute any additional documents evidencing its agreements as City or SRP may reasonably require. This requirement only applies to that portion of the Easement Area that is adjacent to and East of the Property and not that portion located north of the easterly prolongation of the north boundary line of the Property.

4. **Rezoning and Development of the Property.**

4.1 PAD. The City approved the PAD for the Developer's adjacent property; and Developer shall submit a revised PAD for the Project, including the Property in accordance with the Schedule of Performance. The Property shall be developed in accordance with the PAD and the Schedule of Performance.

4.2 City Approvals. The City hereby agrees not to impose any unusual or extraordinary plan or review requirements, conditions or stipulations on the Developer or on any building, structure, phase or Parcel of the Project.

4.3 Certificate of Completion. Promptly after substantial completion of the construction of any Improvements within the Property in accordance with the PAD, City shall furnish to Developer a Certificate of Completion in accordance with City's standard procedures. Upon issuance of the Certificate of Completion, Developer may record the Certificate of Completion in the Office of the Maricopa County Recorder.

4.4 General Cooperation. The City and Developer acknowledge and agree that they shall cooperate in good faith with each other and use their respective good-faith and commercially reasonable efforts to pursue development of the Project as contemplated by this Agreement. City agrees to use its reasonable best efforts to assist Developer with other State, Federal, County governmental agencies and SRP, as appropriate. To further the commitment of the City and Developer to cooperate in the implementation of this Agreement, the City shall designate and appoint a representative to act as liaison between the City and its various departments and the Developer, and the Developer shall designate and appoint a representative to act on its behalf under this Agreement. The initial representative for the City ("City Representative") shall be Larry Schmalz, or his designee, and the initial representative for the Developer ("Developer Representative") shall be Erich Schwenker, or his designee. Both the City Representative and the Developer Representative shall be available at all reasonable times to discuss and review the performance of the City and Developer under this Agreement and the development of the Project.

4.5 Termination. Notwithstanding anything contained herein to the contrary, if this Agreement is terminated, then the City and the Developer shall have no further rights, duties or obligations under the provisions of this **Section 4** with respect to the development of the Project, except for completion of the Easement Improvements.

5. **Developer's Indemnification of City**. The Developer shall indemnify, protect, defend and hold harmless the City, its council members, officers, employees and agents, from any and all claims, demands, losses, damages, liabilities, fines, charges, penalties, administrative and judicial proceedings and orders, judgments, remedial actions of any kind, and all costs and clean-up actions of any kind, all costs and expenses incurred in connection therewith, including, without limitation, reasonable attorneys' fees and costs of defense, arising directly or indirectly, in whole or in part, out of the performance of this Agreement by the Developer, except to the extent resulting from the negligence or intentional misconduct of the City or any of its employees, contractors or agents.

6. **Default; Alternative Dispute Resolution**.

6.2 Mediation. After the occurrence of an Event of Default, the parties hereby agree that there shall be a ninety (90) day moratorium on litigation during which time the parties shall attempt to settle the dispute by nonbinding mediation before commencement of litigation. The mediation shall be held under the Commercial Mediation Rules of the American Arbitration Association. The matter in dispute shall be submitted to a mediator mutually selected by the parties involved in the dispute. In the event the parties involved in the dispute cannot agree upon the selection of a mediator within ten (10) days, then, within five (5) days thereafter, such parties shall request the presiding judge of the Superior Court of Maricopa County, Arizona to appoint the mediator. The mediator selected shall have at least ten (10) years experience in mediating or arbitrating disputes relating to commercial property. The cost of any such mediation shall be divided equally between the parties involved in the dispute. The mediator shall not have the right to award punitive damages. If the Developer is in default under this Agreement and there exists an Event of Default with respect thereto, and the parties do not resolve the Developer's default pursuant to the nonbinding mediation process, then the City shall have the right to terminate this Agreement immediately upon written notice to Developer and to pursue any other rights or remedies provided hereunder, at law or in equity.

If this Agreement is terminated for any reason, Developer shall assign to City all reports, studies, and tests performed on Developer's behalf with regard to the Property, including without limitation all correspondence, reports, surveys, studies, documents, approvals, drawings, plats, plans, specifications, filings or similar writings pertaining to the Property or the development thereof (the "Reports"), including but not limited to any Reports pertaining to drainage, soil, flood, hazardous or toxic substance or pollutants, archaeological or environmental conditions, or power or transmission lines on or adjacent to the Property, and City shall be entitled to use them without any obligation or liability to Developer.
